Committee Booklet

September 2024

**Recognised
school association
Erasmus School
of Economics.**

Application deadline:
September 13th, 23:59h
→ factor.nl/committees

Committees at FAECTOR

Our school association would not be that great without our Active Members. As a member of one of the many committees of FAECTOR, you help the board of FAECTOR with organising great events for all members. From social drinks and parties, to publications, such as the Estimator and the yearly Almanac, or formal career events with many employers — they make it all possible. To give you more information about the different committees and what you can expect from being an Active Member, this booklet has been made.

We included as much information as possible about all committees opening up in September. Every committee description contains the amount of available spots and the specific functions. It also describes the profile of the students that we are looking for.

At the end of this booklet you can find the procedure for applying for one or more committees. Important to note is that you will apply for the committee itself and not for a specific position in the committee.

We hope that this booklet clears up which committees we offer, what they do and who we are looking for. If you have any questions, do not hesitate to contact us by email or through social media, or come by our office. We are looking forward to your application and hope to see you at one of the Committee Interest Sessions!

Kind regards,

The 59th Board of FAECTOR

Why Should You Become an Active Member at FAECTOR?

Joining a FAECTOR Committee has many benefits:

- Becoming an Active Member is the best way to meet a lot of fellow students in a short amount of time
- You will make friends for the rest of your (student) life
- Join activities exclusively for Active Members: the Active Members Weekend, Cycling Dinner, Active Member Drinks, Active Member Day and many more
- Develop yourself: you will develop essential teamwork, social and organisational skills you will not learn during the lectures
- Boost your CV: being active besides your studies is a huge plus in the eyes of many employers
- Your study progress is the number one priority: everyone at FAECTOR has exams at the same time, so all events are planned such that you have more than enough time left to study

So by joining a committee at FAECTOR you get a head start for the rest of your life!

Overview of Active Member Events

Throughout the year the Internal Activities Committee organises plenty of events specifically for Active Members. On these two pages you can find some photos that show the atmosphere at these amazing events!

Active Member Cycling Dinner and Drinks

Active Member Weekend

Active Member Day

And many more events...

Alumni Committee

As a member of the Alumni Committee, you will be responsible for the well-being of our alumni association FAECTOR Alumni Network (FAN). Staying in contact with alumni is very important, both for FAECTOR and for them to keep in touch with each other. You will mainly organise events for alumni, both social and informative. For example, the alumni committee has organised a beer tasting for alumni, a boat drink and a speaker symposium. These events are a lot of fun and you as a committee member get to meet lots of different people that have already finished their

studies. This can result in very interesting conversations!

Besides organising events, the other part of being in the Alumni Committee consists of thinking about the long term strategy of FAN. How do we make sure that recent graduates will stick around and how can we get older alumni to participate in our events more often? You get to think about these kind of questions with your committee and form your own ideas!

“Ensure the alumni stay connected by organising fun events”

Business Trip Committee

Coming year, the seventh FAECTOR Business Trip will take place. This trip offers a unique opportunity for around 20 students to explore several companies, institutions and businesses abroad. Through these visits, participating students and committee members will gain insight into the contrasting work environments, both domestically in The Netherlands and internationally in a country of your choosing. The last business trips went to Dubai, Seoul and Vancouver. The sky is the limit, really!

The committee is responsible for the trip from start to finish. The initial stage involves selecting

an attractive and vibrant city to visit.

Subsequently, you need to find interesting companies, universities and other parties to visit abroad to arrange the day-to-day plan.

Who are we looking for?

We are looking for experienced students in their second Bachelor year or higher who are good at organising events and have a professional attitude. Furthermore, you should have an affinity with travelling and would like to broaden your horizon.

The Business Trip Committee requires a motivation letter in your application.

“Expand your horizon and explore business life abroad!”

City Trip Committee

The City Trip Committee organises the annual City Trip, as well as a Third Year's Day. The City Trip is one of FAECTOR's biggest social events, and turns out to be an unforgettable trip every year. The City Trip takes place near the end of March, and prior destinations of this legendary trip include Seville, Porto, Berlin, Budapest and Prague. Together with your committee, you get to decide where this year's version will go to!

The second event you organise, is the Third Year's Day. This event

is an annual event for students in the third year or higher of their bachelors. Previous editions of this event were a beer tasting or a (walking) dinner, as the committee you are free to come up with your own great ideas!

Who are we looking for?

Students who are social, creative and very enthusiastic, as you will organise big events together with your committee, which will remain in the memories of students for years. Moreover, we are looking for students who are in their second year of studies or higher.

“Together with your committee, you decide next year's City Trip destination!”

Eerstejaarscommissie

Every year, a group of first-year students obtains a place in the Eerstejaarscommissie – an important committee that carries a lot of responsibility, but moreover it is a lot of fun! These first-year students are going to organise social events that create memories lasting for a lifetime.

Last year, the Eerstejaarscommissie organised a wide spectrum of activities, varying from a pub quiz to a pool tournament. Besides activities during the year, you also get to organise the introduction weekend for Dutch students: PINKWIN!

By joining this committee, you come in contact with all first-year students as well as students from higher years. Apart from getting to know lots of new people, you also learn various skills that you do not learn by just going to your lectures.

Who are we looking for?

The Eerstejaarscommissie is the perfect committee for first year students following the Dutch Econometrics programme to get to know the association and learn all basic committee and organisational skills. We are looking for pro-active and enthusiastic students who are driven and social.

“The EC organises social events that create memories for a lifetime!”

Estimator Committee

As a member of the Estimator Committee you are responsible for one of the most important media outlets of FAECTOR. The Estimator Committee writes both informative and entertaining articles for all FAECTOR members. As a committee member it is your responsibility to constantly look out for interesting topics and to brainstorm about the goals and future of the Estimator in general.

The challenge for the next Estimator Committee is to come up with new creative ways to introduce our readers to many relevant topics. This way, an Estimator Committee member

is involved with many facets of FAECTOR and econometrics in general. You will get a lot of freedom and responsibility to implement your own ideas and get the chance to contact and meet interesting companies and fascinating (famous) people. By joining this committee, you will develop your writing skills, meet unique people and get in contact with lots of interesting topics.

Who are we looking for?

The Estimator Committee is open to students from all years. We are looking for creative students with a broad interest who love to write and constantly come up with innovative ideas.

“Use your creativity and reach all FAECTOR members”

FAECTOR Consultancy Project (FCP) Committee

The FAECTOR Consultancy Project Committee helps non-profit organisations and small companies with data analytics projects, while at the same time providing students the opportunity to put their econometric knowledge into practice. Examples of previous partners for which a project was done include de Kunsthal, de Hartstichting, Diergaarde Blijdorp (Blijdorp Zoo), and football club Excelsior.

As a member of the FAECTOR Consultancy Project Committee, you will be in charge of setting up the consultancy projects from scratch! You will start with the acquisition of the partners, trying to find the most interesting and valuable projects.

During this time, you will also set up several charity initiatives, and gain more acquisition experience for the FAECTOR app. Next, you will be helping the partners develop the projects and organise the trainings. Additionally, you will be in close contact with the partners, the university and other involved parties. Finally, you will be selecting and supervising the student consultancy teams.

Who are we looking for?

The FAECTOR Consultancy Project Committee is open for students in their Bachelor 2, Bachelor 3, Bachelor 4, pre-Master or Master study phase who are motivated, ambitious and looking for a challenge.

“Set up big consultancy projects from scratch, while learning about acquisition”

Financial Markets Tour (FMT) Committee

Do you want to gain more insight about quantitative investment banking? Don't miss out on a golden opportunity. The Financial Markets Tour is an exclusive journey into the dynamic world of finance, providing a chance to gain firsthand insights from industry experts and explore the inner workings of global financial markets.

By becoming a committee member, you'll have the unique opportunity to network with top professionals and visit numerous prestigious investment banks in Amsterdam, London and Paris. You will be in contact with companies such as Morgan Stanley, Deutsche Bank, J.P. Morgan and Bank of America. Not only will you gain valuable

organisational skills, but you may also secure coveted internships and, as a committee member, you are guaranteed a spot on the tour.

Who are we looking for?

We are looking for motivated, Dutch-speaking students in their second year or higher, studying at the Delft University of Technology or studying Econometrics at the Erasmus University in Rotterdam. If you are passionate about financial markets, this opportunity is for you. Organise and participate in the Financial Markets Tour of September 2025!

The FMT Committee requires a motivation letter in your application.

Freshmen Committee

For the International BSc² and Econometrics students we offer a sparkling committee: the Freshmen Committee. The members of this committee will organise many social events – some for the new international students and others for all FAECTOR members.

In the past, these events have ranged from laser tag to a trip to Amsterdam. The year will be topped-off with organising the amazing introduction weekend PENGUIN! Being a Freshmen Committee member means that you will meet a lot of people and make friends for a lifetime.

Who are we looking for?

For this committee we are looking for enthusiastic first year International Econometrics and BSc² students with a set of social skills and time next to their studies to be a part of this committee. Moreover, we are looking for applicants who have a pro-active and driven attitude. The Freshmen Committee is the perfect committee to learn the basic committee and organisation skills during the year, as well as an opportunity to come in contact with a lot of other fellow members of FAECTOR.

IConsultancy Committee

IConsultancy is a project of FAECTOR in cooperation with the school association FSR. The aim of this project is to bring students in contact with leading strategy consultancy companies. IConsultancy organises two events during the year. In January 2025 the prestigious Women Consultancy Days will take place. During this event, a selected group of women will get the opportunity to meet the most prominent strategy consultants. This year, BCG, Bain, McKinsey, OC&C, Roland Berger and Simon Kucher will be partners of this event.

The second event, the Consultancy Landscape, will take place in March 2025. Another renowned two day event where students

get the chance to meet exciting consultants. As a committee member, you will be able to use your creativity and organise a great event for a wide audience.

Who are we looking for?

We are looking for a female student who has affinity with the business community and an interest in (strategy) consultancy. Moreover, you need to have excellent communication skills and work great in a team.

The IConsultancy Committee requires a motivation letter in your application.

Internal Activities Committee

Being an Active Member gives you access to the most exclusive events FAECTOR has to offer, such as the Active Members Dinner, the Active Members Weekend and the Active Members Day. As a member of the Internal Activities Committee, you will have the responsibility to ensure that these events are a great success.

Apart from the above mentioned activities, you will be able to organise the Active Member Drinks, where our Active Members get a chance to really get to know each other! Next to

this, you are free to set up other spontaneous activities for our Active Members throughout the year.

Who are we looking for?

We are looking for students in their second year or higher who are social, creative and have affiliation with organising events.

“Organise the most exclusive and memorable Active Member Events!”

IT Committee

As a member of the IT committee you are responsible for all technological innovations within FAECTOR. It is a very important committee of FAECTOR which continuously ensures that the association becomes more efficient.

The committee consists of people who all have affinity with programming and can think out of the box. Throughout the year you will work together in a weekly meeting, this way you can tackle the problems you are facing together.

Who are we looking for?
We are looking for students who all have some programming skills, it is not necessary to master it completely, however it is required to have affinity with programming and technology in general. The committee opens for bachelor and (pre-)master students.

Members: 2-5

Positions
Chairman
1-4 members

Supervisor
Lotte van den Berg
Marketing & Innovation Officer
marketing@faector.nl

“Develop your programming skills outside the university curriculum”

Marketing Committee

The two main responsibilities of the Marketing Committee are maintaining the professional appearance of FAECTOR and publishing the annual Almanac.

Throughout the year you will be responsible for the promotion of all events and FAECTOR in general. You'll choose and design the right merchandise, social media and printed promotion materials. Think about hoodies, posters, flyers, City Trip booklets, Eurekaweek goodies and billboards on the campus. So you will see the result of your hard work everywhere online and on campus!

The other big task is publishing

the annual Almanac. This book is an overview of the highlights of the past academic year that is presented during a special drink at the end of the year. The MarCo gets to choose a theme and can customize the book in the most creative way they can.

Who are we looking for?
We are looking for enthusiastic students from all years of their study. We want very creative students who are willing to constantly develop their design skills. Prerequisite knowledge of InDesign and Illustrator will be handy, but is not necessary as you will be trained in these skills during your time in the committee.

“Share your beautiful creations with all FAECTOR members”

Apply for a Committee

The subscriptions for all the committees named before are open now! Do you want to enrich your skills and capabilities? Take action and apply for one of our amazing committees this September! This is how it works:

Step 1: Application

The subscriptions for the committees in September are open on our website, www.faector.nl. Fill in the form and upload your CV (and motivation letter if you applied for the Business Trip, ICansultancy or FMT Committee) to apply before **Friday 13 September, 23:59**.

Step 2: Interview

If your application and CV (and motivation letter if applicable) are sufficient, we will invite you for an interview at the FAECTOR office.

Step 3: Committee Announcements

When all interviews have been finished, we will announce the committees shortly after.

Step 1: Apply

Apply for a committee on our website and upload your CV (& motivation letter if applicable).

Step 2: Interview

If your application is sufficient, we will invite you for an interview.

Step 3: Announcement

After all the interviews have been taken, the new committee members will be announced.
